BOOK SYNOPSIS

Agribusiness: Decisions & Dollars, second edition, provides students the important need to know information necessary to make effective decisions, and to value financial progress and success regardless of agricultural enterprise size. As the first agricultural education high school level text based on the Generally Accepted Accounting Principles (GAAP) students will learn the most basic life skills such as the mechanics of writing a check to better understanding complex enterprise analysis. The text gives foremost attention to dollar and sense management, but also helps students hone skills necessary for solving problems and evaluating the management of resources. Agribusiness: Decisions & Dollars, presents students with relatable scenarios by following two high school students interested in agribusiness, as they learn the complexities of the financial world, and why records are important. This informal, approachable writing style is used to engage and help students gain a clear understanding of the importance of basing decisions on financial records.
