BOOK SYNOPSIS

Since *The Book of Three* was first published in 1964, young readers have been enthralled by the adventures of Taran the Assistant Pig-keeper and his quest to become a hero. Taran is joined by an engaging cast of characters that includes Eilonwy, the strong-willed and sharp-tongued princess; Fflewddur Fflam, the hyperbole-prone bard; the ever-faithful Gurgi; and the curmudgeonly Doli--all of whom become involved in an epic struggle between good and evil that shapes the fate of the legendary land of Prydain. Released over a period of five years, Lloyd Alexanders beautifully written tales not only captured childrens imaginations but also garnered the highest critical praise. *The Black Cauldron* was a Newbery Honor Book, and the final volume in the chronicles, *The High King*, crowned the series by winning the Newbery Medal for "the most distinguished contribution to American literature for children." Henry Holt is proud to present this classic series to a new generation of young readers. Jackets have been handsomely redesigned while retaining the original art of Caldecott Medal-winning artist Evaline Ness. Each retypeset volume now includes a pronunciation guide prepared by Lloyd Alexander. A companion book of short stories, *The Foundling and Other Tales of Prydain*, is also available in hardcover for the first time in twenty years. In their more than thirty years in print, the *Chronicles of Prydain* have become the standard of excellence in fantasy literature for children. This title has Common Core connections.
